Welcome to Leeming Senior High School.

We encourage our students to achieve personal excellence in all aspects of the curriculum and to interact with each other and the community in a positive, constructive and socially responsible manner.

Our School Motto is "Harmony and Excellence", and is evidenced by the positive behaviour of our students and the high standards of academic achievement.

A comprehensive curriculum is offered allowing students to enjoy success in academic, sporting and cultural pursuits.

Organisational Structures

When students begin in 2017 they will be allocated designated areas in the school where they will spend their recess and lunch breaks. These areas enable the students to sit with their peers and be directly supervised by duty staff.

Learning areas are grouped into blocks and students will be assisted during their first week of school in navigating their way around the campus.

Curriculum structure

Year 7 students are coming to high schools to experience a diverse curriculum with specialist teachers. As such Year 7 in 2017 will be very similar to the structure in place for Year 8 students.

All students will study courses in line with Australian Curriculum across the eight Learning Areas of:

- **English**: 4 hours per week
- **Mathematics**: 4 hours per week
- **Science**: 4 hours per week
- **Society and the Environment**: 4 hours per week
- **Physical Education**: 2 hours per week
- **Languages (French or Japanese)**: 2 hours per week
- **Health Education**: for 1 Semester
- **Elective subjects**: 2 hours per week each Semester
