A LETTER FROM THE PRINCIPAL

WELCOME YEAR 10 PARENTS TO SUBJECT REQUESTS FOR 2023

Dear Parent/Guardian

Thank you for considering Leeming Senior High School for your child's senior school education. This is a very important time and decisions need to be carefully considered. At times it will appear as though there is information overload.

The subject requests information (the Senior Directory, the Parent Information Package and the Student Career Exploration Workbook) will outline the extensive processes of career education, counselling and subject requests for Leeming Senior High School in 2023. The whole process begins with student abilities and aspirations. It is important that families fully discuss a child's intentions for Year 11 and 12 and beyond.

The information provided in these packages are useful resources and should be part of the whole process. It is important that you analyse these packages and then incorporate this knowledge in your child's eventual subject requests. The process aims to be personalised and target the needs of individual students.

While students will work towards planning a post-secondary school pathway, it is also important to have back up plans and reserve options. For example, a student on a pathway to university should cover all bases and select a school based Certificate II or III qualification. This certificate will assist in accessing TAFE beyond secondary school, should your child not meet university entrance requirements or simply change their mind.

When requesting subjects, students will not be locked into these choices, but subject movement after specific dates is now impossible due to the new WACE constraints. Please analyse the information included in this package and seek more information where required.

Thank you,

Brendon Wallwork

Principal

Leeming Senior High School

Dear Parent/Guardian

Information for Year 10 students making subject requests for Year 11 in 2023

The preparation phase for Year 10 students requesting subjects for Year 11 courses in 2023 is well underway. All Year 10 students are already involved in a knowledge building process of Year 11 course offerings that are delivered at Leeming SHS.

At Leeming SHS we require each student with a parent/guardian to engage in a compulsory Course Counselling meeting. All preparatory elements of the subject request process are accessed via the Year 10 Connect page.

This subject request process for the students includes:

- A Transition Education Program delivered in Weeks 6 and 7 of this term
- The following booklets that will be added to the Year 10 Connect page in Week 7 of this term:
 1. **Senior Directory 2023 (subject offerings and entry requirements)**
 2. **Parent Information Package**
 3. **Student Career Exploration Workbook for 2023**
- A Parent Information Presentation in week eight of this term on **Monday 13 June at 6pm** in the Leeming SHS Performing Arts Centre. This will expand upon information relevant to Year 10 families that are preparing their child for and requesting appropriate courses for 2023. (Note – this event is for parents/guardians only).

The end purpose of this process is that students (with the assistance of their parents/guardians) are well prepared to request Year 11 courses that are appropriate to their interests, ability and future educational and career requirements.

Access to the Course Counselling bookings portal will be available as of the end of the Parent Information Presentation on Monday 13 June. **This booking system will remain open until 3pm on Tuesday 19 July.** Please note that:

- Subjects requested by students at their Course Counselling meeting are a request – students are not guaranteed these subjects until semester two results are finalised
- Students do not have to race to have their Course Counselling meeting – it is not a first come first served process
- Students who do not have a Course Counselling meeting may not receive their preferred Year 11 courses

Please feel free to email one of the staff listed below to discuss the Year 11 in 2023 subject request information.

Yours sincerely,

Nat Simms
