

Dear Year 10 Parents/Guardians,

Course Selection Information Evening and Mini Careers Expo Wednesday 20 July 2022

In Term 3 all Year 10 students will be completing a very important course selection process for their Senior School years (2023-2024). Completion of this process is essential as it will enable your child to select courses that will ultimately lead them onto post-school pathways.

To assist students and parents to make informed choices regarding the courses offered at Leeming Senior High School, an information evening will be held on Wednesday 20 July from 5 pm – 7.30 pm. The Heads of Learning Areas/Teachers in charge will be presenting relevant course information, potential career links, as well as the skills required to be successful in these courses. Please see the timetable for the course sessions offered.

To compliment this, we will also be running a Mini Careers Expo. All the Universities, South Metro TAFE, a number of further education organisations as well as representatives from a variety of industries will be attending to provide valuable information either through information stalls or presentations. Please see schedule and the Mini Careers Expo & Course Information Evening document for a comprehensive list of representatives.

It is recommended to park at the Recreation Centre car park as parking will be limited in the school grounds. The presentations/stalls will be located in the following blocks:

STAFF ROOM

ENGLISH CENTRAL

SCIENCE BLOCK
