- On a bus, speak to the driver.
- On a train station, push the emergency button on an information kiosk to speak to our Central Monitoring Room.
- On train stations, stay in well-lit areas in view of security cameras.

### **Other Safety Tips**

- If possible, have someone come to meet you, or tell friends or family when you expect to be home.
- On train stations, stand back from the yellow line on the edge of the platform. When trains go past they create a powerful draft that can unbalance you.
- Use only the proper access routes when you enter or exit train stations. Always stay off train tracks. Walking across them is dangerous and illegal.
